

## The Swiss Chemical Society (SCS)

The Swiss Chemical Society (SCS) is the professional body for chemists and scientists from chemistry-related fields both in Switzerland and abroad. The society supports the exchange of scientific and technical know-how and offers corresponding networking possibilities to the academic and industrial community and represents our members in national and international organizations. We have members in more than 50 countries and represent about 2700 individual and institutional members.

### Key activities of the SCS include

- **Events** such as scientific meetings, congresses and courses to assist, inform and educate the community in all fields of pure and applied chemistry.
- **Awards** for outstanding contributions in a wide range of chemical fields.
- **Representation** of interests of Swiss scientists in national and international organizations.
- **Publication** of the scientific journal CHIMIA and involvement in associated journals, e.g. Helvetica Chimica Acta, ABC, PCCP and the journals of Chemistry Europe (CE).

The SCS is a member of European Chemical Society (EuChemS), the Swiss Academy of Sciences (SCNAT) and the Swiss Academy of Engineering Sciences (SATW). It is also connected to the International Union of Pure and Applied Chemistry, IUPAC (with the Platform Chemistry of the SCNAT being the Swiss representative) and has a standing membership on the board of *scienceindustries*.

## CHIMIA, International Journal for Chemistry and Membership Journal of the SCS

CHIMIA, a platinum open access, scientific journal for chemistry in the broadest sense covers the interests of a wide and diverse readership. Contributions from all fields of chemistry and related areas are published in the form of invited review articles and also notes. A characteristic feature of CHIMIA are the thematic issues, each devoted to an area of great current significance, produced by a guest editor, an acknowledged expert in the field.

CHIMIA is published 10 times a year and is listed in the most important databases: Current Contents/Physical, Chemical and Earth Sciences, Chemical Abstracts, Science Citation Index, Research Alert, Scisearch, Index Chemicus, Chemistry Citation Index, Current Chemical Reactions, Reaction Citation Index, PubMed and Biological Abstracts.

### Editorial Program 2022

Issue	Publication Date	Topic, Guest Editor
1-2	23.02.2022	Mass Spectrometry R. Zenobi, ETH Zurich, U. Schaltegger, University of Geneva
3	30.03.2022	Research at Empa A. Neels, A. Remhof, Empa Dübendorf
4	27.04.2022	Laureates, Junior Prizes Fall Meeting 2021 H.P. Lüthi, ETH Zurich / SCS Foundation E. Hevia, University of Bern
5	25.05.2022	Medicinal Chemistry K-H. Altmann, ETH Zurich
6	29.06.2022	Ultra-fast Spectroscopy of Molecules H. J. Würmer, ETH Zurich
7-8	24.08.2022	SCS Major Awards / SCS Fall Meeting C. Bochet, SCS / University of Fribourg, C. E. Housecroft, University of Basel
9	21.09.2022	Ambizione Fellows and Young Professors in Switzerland C. E. Housecroft, University of Basel
10	26.10.2022	Division of Polymers, Colloids & Interfaces H-A. Klok, EPFL Lausanne
11	30.11.2022	Chemical Ecology M. Erb, University of Bern
12	21.12.2021	NCCR Transcure J-L. Reymond, University of Bern

## Company Reports

Would you like to present your latest products, processes or methods to a broad scientific community? Company Reports in CHIMIA offers you easy access to decision makers from academia and industry.

Company Reports focus on scientific innovation in any field of chemistry and biotechnology. They support your marketing efforts in an efficient way and provide more scientific background information than simple ads.

### Company Report Topics

- Analytical measurement instruments
- Laboratory installations and apparatus
- New chemical compounds and intermediates
- Services for the Chemical and Pharmaceutical Sector
- Company Portraits

## Institutional Membership and Partnership

SCS not only offers membership to individuals but collaborates with companies and partner societies and provides an attractive package of offers.

### SCS Partnership: CHF 3'000

Make the difference as an Institutional Partner!

- Place your ideas
  - Cooperate as strategic partner
  - Participate in the network
  - Support scientific excellence
- ... and also enjoy the benefits of a regular corporate membership.

### Regular Corporate Membership: CHF 800

Complementary services

- CHIMIA print subscription and e-version;
- 1 free company report (one-page, regular price CHF 800);
- Listing as SCS member on the SCS website and in CHIMIA

Reduced rates

- 50% discount on company reports (1<sup>st</sup> report is complementary);
- 50% discount for job ads;
- 30% discount on 1<sup>st</sup> ad (any size);
- Advertisement packages (all same size): 30% on 1<sup>st</sup> ad, 50% on all additional ads in the same calendar year;
- Reduced member rates for Further Education courses;
